Rotary Tube Cleaner 0.75 HP with Speed Feeder and Speed Control (RAM-5DCA)

Revolutionary Speed for Large Tubes Bundles

Description

With patented technology and over 15 years of proven performance, it's no wonder why the RAM-5DC (former RAM-5SFVS) is the machine of choice among contractors and facility managers with large tube bundles. The revolutionary Speed Feed gun combined with Goodway Nylon Brushes will clean tubes up to four times faster than any other rotary tube cleaner. Minimal training time is required.

As the tube cleaning tool loosens debris, the shaft casing provides a steady stream of water, flushing out debris and restoring system efficiency. While the Speed Feed gun lets you control the direction of shaft rotation as well as the flow of water, the variable speed function allows you to control both the brush rpm and the feed rate.

The RAM-5DCA is supplied with a Speed Feed Gun, 4.57 m guide hose, one set of shaft feeder gears (specify size), mobile dolly, tool carriage box and two-direction foot switch.

Features

- > 0,9 m/sec - Reduced labor
- > Simple to operate - Minimal training required
- > Stainless steel construction - Long life
- > Interchangeable cleaning tools - Versatile
- > Integrated dolly - Easy to move
- > Simultaneous water flush - Removes deposits easily
- > Trigger controlled operation - Increased productivity

Specifications

Tube Size Range (Inch ID): 1/4 - 1

Tube Size Range (mm ID): 6,4 - 25,4

Total Motor(s) Power (HP): 1

Input Power (V x Hz x Amps): 230 x 50 x 5,5

Shaft Speed (rpm): 200 - 862,5 rpm

Water Requirements (Bar@L/min): Min. 2,1@7,6

Shaft Feed Method: Mechanical/Manual

Reversible Shaft Rotation: Yes

Flexible Shaft Max. Length (m): 22,9

Variable Shaft Speed: Yes

Special Feature 1: Mechanical Feed Speed from 0.21 to 0,9 m/sec

Chemical Injection: No

Special Feature 2: Mechanical Feed Force at 222 N

Special Feature 3: Water Flush

Dimensions (HxWxD / HxDiam) mm: 940 x 510 x 430

Weight (Kg): 34,0

Tube Type: Smooth Bore Tubes

Application: Chillers/Condensers/Heat Exchangers

Optionals

Heavy-Duty Contractor Dolly (RAM-DOLLY-C)

The 'Patriot' Dual Diameter Nylon Brush (ENN-Q)
