

**5TH EDITION DOD COALESCER CARTRIDGE**

Facet's CM Series coalescer cartridges offer the finest performance available in aviation fuel filtration for the United States Military.

These CM series coalescer cartridges fit DOD Military housings currently using NSN 4330-00-983-0998 coalescer cartridge Facet Model CC-S11F.

This line of high flow CM Series coalescer cartridges remove ultra fine solids and enhances the optimum separation of water from Military Jet Fuel (JP-8).

APPLICATIONS

Facet's CM Series coalescer cartridges have been tested and fully qualified to meet the requirements of MIL-PRF-52308J for Class M, API/EI 1581, 5th Edition, Category M.

Designed specifically for the US Army, these high performance coalesce cartridges replace:

- NSN 4330-00-983-0998 Facet Model CC-S11F

BENEFITS

- Direct replacement
- Quick easy cartridge change out
- May be used with DOD canister
- Removes ultra fine particulate
- Provide optimum water removal
- Multi layered media for increased solids holding capacity

STANDARD DESIGN FEATURES

- Maximum pressure rating: 75PSI
- Maximum operating temperature: 240°F
- O-ring seal – both ends
- Flow Direction: Inside/Out
