

2150 : PC 32 Plastic Tube Cutter up to 32 mm

Product advantages

Accuracy: "V" shape blade to enable easy, perpendicular cutting and reduced imprint on the pipe.

Practical: automatic opening: a spring keeps the lower handle open. The pipe cutter is always ready to cut.

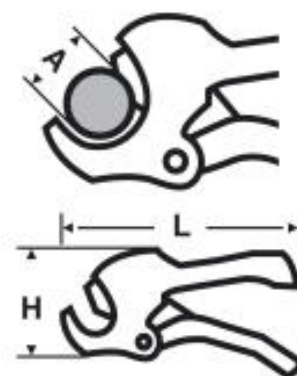

Soft Touch® handle: non-slip grip for firm control.

DESCRIPTION

Materials cut: PVC, PE, PER, PEX, flexible plastic tubes (Tricoclair®), sprinkler hoses, irrigation hoses.

Locking catch: keeps the lower handle closed: easy storage. No risk of injury.

Ergonomy: the lower handle's special shape is suitable for all hand sizes.
